**FFP2 Particulate Respirator
Aura™ 9320A+**

- Alternative to N95 respirator
- Particulate filtration efficiency >94%
- AS/NZS 1715:2009

SEA LION

GB 19083 Particulate Respirator

- EN149:2001+A1:2009
- Medical Grade
- Fluid resistant

Coming soon

Shine

**Powered Air Purified
Respirator (PAPR)
P-SH100**

- NIOSH/ CE approved
- EN 12941+A2
- Filtration level-TH3 PR SL
- High filter efficiency-99.996%

SEA LION

Surgical Mask, EN14683 Type IIR

- Medical Grade
- Bacterial filtration efficiency (BFE) more than 98%
- Fluid resistant

SEA LION

Surgical Mask, EN14683 Type II

- Medical Grade
- Bacterial filtration efficiency (BFE) more than 98%

SEA LION

Surgical Mask, EN14683 Type I

- Medical Grade
- Bacterial filtration efficiency (BFE) more than 95%

SEA LION

Protective Coverall

- EN14126, EN13795
- Category III protection: Type 4, 5, 6
- Includes hood and boot covers

SEA LION

**Surgical Gowns
BodyGuard™**

- EN 13795, and YY/T 0506
- Prevent from bacteria, particles, and fluid
- Water resistant, hydrostatic pressure resistant

Luke Medical

Medical Goggles

- EN166
- Non-valved type with medical grade soft PVC
- Anti-fog coating on both sides with 180-degree wider view

Firstar

Face Shield

- Direct splash protection
- Optically clear with anti-fog treatment screen

SEA LION

Disposable Procedure Cap

- Non-woven cap which covers all hairs & the nape of the neck
- Available in elastic and ties types

B.Braun

Hand Sanitizer Softa-Gel

- EN1500, and EN1276
- Isopropyl alcohol 75% (v/v)

SEA LION

Nitrile Examination Gloves SureProtect™

- ASTM D6319, EN455 and EN374
- Powder-free

SEA LION

Vinyl Examination Gloves EasyProtect™

- ASTM D5250, EN455 and EN374
- Powder-free

SEA LION

Shoe Covers

- Protects from spill of contaminated fluid
- Anti-slip invention on the bottom of them

Porlab

Sharp Containers

- Yellow, rectangle sharp containers
- Different lid designs and sizes

Parker Laboratories

**Disinfectant Wipes
Protex® Ultra**

- Eliminate 99.9% of bacteria
- Effective against pathogens, including Corona Virus, HIV, H1N1, MRSA
- To disinfect device surfaces

Parker Laboratories

**Disinfectant Spray
Protex® Ultra**

- Convenient spray dispenser
- Effective against pathogens, including Corona Virus, HIV, H1N1, MRSA
- To disinfect device surfaces

Alicn

**Non-Contact Infrared Thermometer
AET R1-F1**

- US FDA approved
- Medical Grade Type II

WelchAllyn

**Ear Thermometer
Braun ThermoScan Pro 6000**

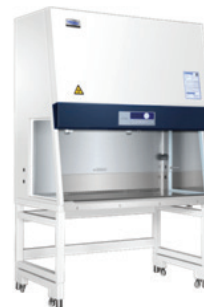

- Quick & accurate reading
- Easy to disinfect, memory recall button and 60-second pulse timer
- ExacTemp™ technology detects stability of the probe during measurement

Medtronic

**Portable SPO2 Monitoring System
Nellcor**

- Convenient & handheld monitor
- Spot-checks or continuous monitoring

Haier

Biomedical Safety Cabinet

- EN12469
- Low noise, Energy saving, Better light
- Patent intelligent constant air velocity
- Ultra-low penetration air filter system

Haier

Biomedical Pharmacy Refrigerator

- Temperature range from 2 to 8°C with temperature variation of ±3°C
- Multiple alarm systems featuring audible buzzer and visible flash light

Haier

Biomedical Freezer

- Rated for -40°C at 32°C ambient
- Two types of alarms: buzzer and flashing light remote alarm
- Temperature Range -20 to -40°C

Abbott

COVID-19 Ag RAPID TEST DEVICE (Nasopharyngeal Swab Type) PANBIO™

- Result in 15 mins for patients suspected of current COVID-19 infection
- Sensitivity: 91.4% (94.1% for samples with Ct values ≤33)
- Specificity: 99.8%
- Contents: 25 tests devices, 25 nasopharyngeal swabs, 1 buffer bottle, 25 extraction tubes with caps, 1 positive & 1 negative control swabs, 1 tube rack, 1 quick guide, 1 IFU
- WHO prequalified (EUL)

Abbott

COVID-19 Ag RAPID TEST DEVICE (Nasal Swab Type) PANBIO™

- Result in 15 mins for patients suspected of current COVID-19 infection
- Sensitivity*: 98.1% (99.0% for samples with Ct values ≤33)
- Specificity*: 99.8% (*Nasal swab Vs Nasal PCR)
- Contents: 25 tests devices, 25 nasal swabs, 1 buffer bottle, 25 extraction tubes with caps, 1 positive & 1 negative control swabs, 1 tube rack, 1 quick guide, 1 IFU
- WHO prequalified (EUL)

Abbott

Hematology Analyzers CELL-DYN Emerald Series

- 3 to 5 parts differential analyzers
- 16 to 20 parameters

Coming soon

Abbott

COVID-19 ASSAY ID NOW™

- CLIA-waived molecular point-of care testing
- Isothermal nucleic acid amplification technology
- Result in 13 minutes or less
- Direct sample types: Nasal, Throat & Nasopharyngeal swabs
- Sensitivity 95%, Specificity 97.9%
- Contents: 24 tests, patient swabs, positive and negative control swab, package insert, 1 quick guide

Coming soon

Abbott

Biochemistry and Immunology Analyzers ARCHITECT

- Fully-automated Integrated system
- SARS-CoV-2 Antibody testing with rapid TAT
- Separate IgM & IgG antibody tests

Coming soon

Abbott

Biochemistry and Immunology Analyzers ALINITY

- Fully-automated Integrated system
- SARS-CoV-2 Antibody testing with Alinity ci analyzer
- Separate IgM & IgG antibody tests

Coming soon

Becton Dickinson (BD)

Viral Transport Medium

- Designed to transport viruses
- Stored and transported at 2 to 25°C
- Collect and transport SARS-CoV-2 sample

CITOTEST

Viral Transport Medium

- Specially designed for viral specimen collection, transport and preservation
- Ready to use
- Supplied with biohazard specimen bag

GE Healthcare

**Mobile/ Portable Analog X-ray
AMX 115/ Brivo XR115**

- 100mA, 4kW, 200kHz high-frequency generator
- Compatible with both CR (computed radiography) system and FPD (flat panel digital detector) system

GE Healthcare

**Mobile/ Portable Analog X-ray
AMX Traveller**

- 400mA (maximum), 32kW, high frequency generator
- Compatible with both CR (computed radiography) system and FPD (flat panel digital detector) system

GE Healthcare

**Mobile/ Portable Digital X-ray
AMX 240**

- 300mA, 30kW generator output
- High-resolution 100 micron FlashPad™ HD digital detector

GE Healthcare

**Fixed Analog (or) Digital X-ray
Definium 6000/ XR6000**

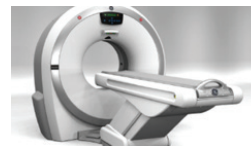

- Comes with both analog and digital version
- 500mA, 50kW, high frequency generator
- Integrated with patient table and chest stand

GE Healthcare

**Flat Panel Digital Detector
Definium XR120**

- Wireless digital detector with the latest 127 µm pixel pitch cesium iodide technologies
- 70% DQE, (0lp/mm, Typical)
- Battery life time: 4 hrs. (480 images @30sec cycle), Sleep mode 5.2 hrs.
- Compatible with fixed and mobile X-ray systems

GE Healthcare

CT Scanners

- (1) 16/32-slice CT scan (Revolution ACT)
- (2) 64/128-slice CT scan (Revolution Maxima)

GE Healthcare

**Portable Ultrasound
Logiq V2**

- Point of care
- Compact design with large LCD display and standard battery back-up

GE Healthcare

**Ultrasound
Logiq F8 Expert**

- General Imaging
- Multipurpose ultrasound imaging system

GE Healthcare

**ECG
Mac 600**

- 3 channels printing with interpretation
- Marquette 12SL Analysis Program for adult & paediatric

GE Healthcare

**Vital Signs Monitor
CARESCAPE V100**

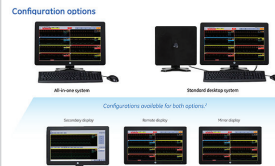

- A high standard of clinical accuracy
- Spot-checking or continuous monitoring
- NIBP, SpO2, PR, Temp

GE Healthcare

**Patient Monitor
B105/B125**

- Simple, Flexible, Reliable with clinical performance
- Advanced parameter technologies
- Modular & upgradable

GE Healthcare

**Central Station for
Patient Monitor
CARESCAPE**

- Clinician-centric workstation
- One source for data

Becton Dickinson (BD)

**Syringe Pump
Alaris CC plus**

- Portable syringe pump with large display
- In-line pressure monitoring
- Drug protocols
- Alarm & warning beacon

Becton Dickinson (BD)

**Volumetric/ Infusion Pump
Alaris GW 800**

- Accurate and reliable infusion over a range of rates
- Free flow protection and Anti-bolus feature
- Titration mode

Hugemed Medical

**Video laryngoscope
VL3R**

- 3.5 inch Anti-reflective display, Anti-microbial handles, Anti-fog lens
- Includes Aluminium storage case and 3 reusable blades

WelchAllyn

**Fiber Optic Laryngoscope
Systems**

- Green Standard (ISO 7376), Durable one-piece stainless steel
- Includes Blade Size #1 to #4 (Qty. 4)

GE Healthcare

ICU Ventilator CARESCAPE R860

- Compressor driven
- Universal ICU Ventilator with advanced tools
- Lung Protective Strategy
- Modular & upgradable

Siare

ICU Ventilator Siaretron 4000

- Turbine driven
- Versatile, affordable and sleek design
- Unique electromagnetic flow sensor to detect very low flows

Siare

Portable/ ICU Ventilator Falco 202 EVO

- Turbine driven
- Emergency rooms, homecare and critical care
- Advanced cooling system and various ICU ventilation modes

ZOLL Medical

Portable Ventilator Z-Vent

- Turbine driven
- MRI-conditional
- Pre-hospital and Intra-hospital use
- Unmatched durability, simplicity and light weight
- Consumes least Oxygen with invasive and non-invasive modes

VADI

Reusable Resuscitator (Manual Resuscitator)

- Silicone material
- Size: Adult/ Child/ Infant

VADI

Disposable Breathing Circuit

- Use in Ventilators and Anaesthesia Machines
- Size: Adult/ Child/ Infant

Hudson

Heat and Moisture Exchanger-Filter (HMEF) Gibeck® Humid-Vent

- Combined filter and Heat & Moisture Exchanger
- Bacterial and viral efficiency 99.99+%

Hudson

Bacterial/ Viral Filter Iso-Gard

- Filter virus and bacteria
- Bacterial and viral efficiency 99.99+%

ZOLL M2™

ZOLL Medical

Manual Defibrillators R-series/M2

- Real CPR Help® technology, See-Thru CPR® technology, High-current defibrillation, Hand Free Electrode Technology
- Mode: AED, Manual Defibrillation, Cardioversion, External pacing
- Patented 40 MSEC Pacing Waveform

ZOLL Medical

AED AED Plus

- Real CPR Help® technology, Real-time CPR feedback and CPR Bar Gauge
- Use affordable and simple battery type
- Recommended by "Fédération Internationale de Football Association" (FIFA)

C&U

Gas Outlet

- Medical gas wall outlet for oxygen, air, vacuum, etc.
- JIS Type

C&U

Oxygen Flowmeter

- DISS connection type oxygen humidifier with flowmeter

C&U

Simple Negative Pressure Device

- Simply provides negative pressure environment with safe exhaust through HEPA filter without heavy construction work
- Ventilation frequency (12 times/hour) and negative pressure of 2.5 Pa to adjacent room

Airgle

Air Purifier (Hospital)

- US FDA approved
- Medical grade
- Efficiency 99.999% of 3 nanometer particle size
- Includes 3 Filters: cHEPA Filter, Carbon Filter, Titanium Pro® UV Filter

Airgle

Air Purifier (Room)

- US FDA approved
- Medical grade
- Efficiency 99.999% of 3 nanometer particle size
- Includes 3 Filters: cHEPA Filter, Carbon Filter, Titanium Pro® UV Filter

Airgle

Air Purifier (Personal)

- US FDA approved
- Medical grade
- Efficiency 99.999% of 3 nanometer particle size
- Includes 3 Filters: cHEPA Filter, Carbon Filter, Titanium Pro® UV Filter
- Portable use for car, ambulance and personal working desk

Hillrom
Patient Trolley

- Includes mattress, IV pole, central brake, push handle

Hillrom
ICU/ Patient Bed

- Includes mattress, IV pole, central brake, built-in battery back-up

Allen Medical
Patient Transfer Board

- Board for transferring patient
- Roller-free board, comfortable, lightweight, Fowler's position transfer, foldable

DS Maref
DVT Machine

- DVT prevention system with various optimized programs
- Simultaneous, sequential and comfortable for patients

Teleflex
Oxygen Mask with Reservoir Bag

- 750 ml reservoir bag for high-concentration mask
- Adapter swivels to accommodate patient position
- Available for both adult and paediatric

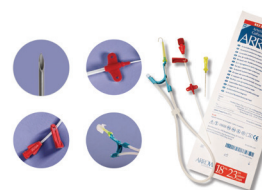

Amsino
Waste Fluid Management Systems Receptal

- Complete waste fluid management system
- Adjustable-height, built-in manifold trolley with cannisters and liners
- Available in 1L, 1.5L, 2L and 3L sizes

Arrow
Central Venous Catheterization Set

- With Arrow Blue Flex Tip
- Available in double lumen and triple lumen

Arrow
Arterial Catheterization Set

- High resistance to collapse, low thrombus accumulation and occlusion

Rusch

CrystalClear Tracheostomy Tube

- Available in Cuff and Uncuff

Rusch

Endotracheal Tube

- Available in Cuff and Uncuff
- Standard, oral and reinforced types

Hudson

Prefilled Bubble Humidifier Aquapak

- Contains 340 mL of sterile water
- Micro-diffuser for smaller bubble and greater surface agitation
- Audible alarm system for flow restriction or occlusion of oxygen

Sea Lion Co Ltd

174-178 Bo Myat Tun Street
Botataung Yangon 11161 Myanmar
